Percussion Performance Assessment Sheet

Each of the five categories of evaluation is assigned points depending on the total points available for the assessment. These values will always be in multiples of 5. Percentages will be calculated according to the maximum points possible. The areas of focus are listed below each category. In order to pass this assessment you must score at least 84%. If you do not pass, you may re-take the assessment until the minimum score is achieved. **STUDENTS!**, Please use this evaluation to help improve areas of your playing by sharing it with your parents and/or private teacher.
